

ECUOSACCO

For a dried and more ecological recycling. Aiming at a more environment friendly recycling of undifferentiated garbage

This is an experimental project, created to reduce the amount of waste and to introduce a more equitable fare, in order to raise even more awareness on the issue. The process concerns the recycling of "secco", the undifferentiated garbage: the local Administration provides the first supply of ECUOsacchi, adapted to the needs of each family, and the citizens pay according to how many bags they use.

REASONS TO DO IT

You'll become a more virtuous and conscious citizen

You'll pay according to the waste you produce, that's why the recycling is more equitable

You'll better your own environment, by producing less rubbish

You'll raise the recycling percentage of your town

You'll create new resources for your community/ provide your own community with new , thanks to the savings by the ECUOsacco experiment

ADVICES FOR A GOOD PRACTICE

Reduce as much as you can the volume of garbage you produce Buy thinking about how much waste you will produce

Respect your own land. Do not throw the rubbish bags in public trash, on the street or in parks Always check if your putting each piece of garbage in the right compartment

HOW, WHERE AND WHEN

- **What is ECUOsacco ?**

The ECUOsacco is the new semi-transparent and traceable bag that must be used for the "undifferentiated garbage"

- **What should I put in the ECUOsacco ?**

The secco/undifferentiated trash. Read the specifications on the back side of the calendar. Remember to put in the ECUOsacco the waste without stocking it in other bags

- **Where is the ECUOsacco distributed ?**

At distribution points on the days and times indicated below. The withdrawal of ECUOsacchi is essential.

- **How many ECUOsacchi can I get?**

The number of bags that you can get is related to the composition of your household

- **What do I need in order to withdraw ECUOsacchi?**

To collect the bags you have to go to the distribution points with your CRS / CNS

If I need more ECUOsacchi, where can I buy them and how much do they cost?

You can buy them at the local Offices of the municipality, using your CRS / CNS or CEMcard:

- € 10 for a roll of 15 ECUOsacchi to 40 liters

- € 30 for a roll of 15 ECUOsacchi 120 liters

The purchase of the bags has to be done before the withdrawal of additional bags. The price includes the cost of disposing of the waste collected in the bag

Exceptions:

Additional supply for families with a child under 3 years old

Additional supply with self-certification for People with certified incontinence problems

Can I use other bags for the secco trash?

No, only ECUOsacchi will be collected

And the previous gray bags?

You can use them for the recycle of Multipak

Why is there a code printed on ECUOsacchi?

Thanks to the code it will be possible to trace the owner of the ECUOsacco

Why are some ECUOsacchi red and others blue?

Because this way, you can discern the waste of households (red) from those of non-domestic users (blue)
